## License for Diversion and Use of Water

LICENSE No. 209

PERMIT No. 259

APPLICATION No. 556

**This is to certify, That Marguerite Cook**

of 105 No. Gifford St., Elgin, Illinois has made proof to the satisfaction of the Division (Over)  
of Water Rights of California of a right to the use of the waters of a spring in Sycamore Canyon  
in Ventura County  
tributary of no stream  
for the purpose of irrigation and domestic use

under Permit No. 259 of the Division of Water Rights and that said right to the use of said waters has been perfected in accordance with the laws of California, the rules and regulations of the Division of Water Rights and the terms of the said permit; that the priority of the right herein confirmed dates from January 4th

1917 that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to the amount actually beneficially used for said purposes and shall not exceed one-fifth (0.20) cubic foot per second, to be diverted from about February 1st to about November 1st of each season and throughout the remainder of the year as required for domestic purposes. The point of diversion of such water is located at a point north fifty four degrees twenty one minutes east eight hundred sixteen feet from the southwest corner of Section 15 T. 4 N. R. 20 W. S. B. M. being within the SW $\frac{1}{4}$  of SW $\frac{1}{4}$  of said Section 15

A description of the lands or the place where such water is put to beneficial use is as follows:

16 acres within the E $\frac{1}{2}$  of SW $\frac{1}{4}$  Section 22 T 4 N. R. 20 W. S. B. M.

The right to the diversion and use of the water aforesaid hereby confirmed is restricted to the point of diversion herein specified and to the lands or place of use herein described.

This license is granted and said appropriator takes all rights herein mentioned subject to the terms and conditions set forth in section 20 of Chapter 586, Statutes 1913, which is as follows:

SEC. 20. All permits and licenses for the appropriation of water shall be under the terms and conditions of this act, and shall be effective for such time as the water actually appropriated under such permits and licenses shall actually be used for the useful and beneficial purpose for which said water was appropriated, but no longer; and every such permit or license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this section and likewise the statement that any appropriator of water, to whom said permit or license may be issued, shall take the same subject to such conditions as therein expressed; provided, that if, at any time after the expiration of twenty years after the granting of a license, the state, or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the state shall have the right to purchase the works and property occupied and used under said license and the works built or constructed for the enjoyment of the rights granted under said license; and in the event that the said state, city, city and county, municipal water district, irrigation district, lighting district or political subdivision of the state so desiring to purchase and the said owner of said works and property can not agree upon said purchase price, said price shall be determined in such manner as is now or may hereafter be determined in eminent domain proceedings. If it shall appear to the state water commission at any time after a permit or license is issued as in this act provided that the permittee or licensee, or the heirs, successors or assigns of said permittee or licensee, has not put the water granted under said permit or license to the useful or beneficial purpose for which the permit or license was granted, or that the permittee or licensee, or the heirs, successors or assigns of said permittee or licensee, has ceased to put said water to such useful or beneficial purpose, or that the permittee or licensee, or the heirs, successors or assigns of said permittee or licensee has failed to observe any of the terms and conditions in the permit or license as issued, then and in that case the said commission, after due notice to the permittee, licensee, or the heirs, successors or assigns of such permittee or licensee, and a hearing thereon, may revoke said permit or license, and declare the water to be unappropriated and open to further appropriation in accordance with the terms of this act. And the findings and declaration of said commission shall be deemed to be prima facie correct until modified or set aside by a court of competent jurisdiction; provided, that any action brought so to modify or set aside such finding or declaration must be commenced within thirty days after the service of notice of said revocation on said permittee or licensee, his heirs, successors or assigns. And every licensee or permittee under the provisions of this act if he accept such permit or license shall accept the same under the conditions precedent that no value whatsoever in excess of the actual amount paid to the state therefor shall at any time be assigned to or claimed for any permit or license granted or issued under the provisions of this act, or for any rights granted or acquired under the provisions of this act, in respect to the regulations by any competent public authority of the services or the price of the services to be rendered by any permittee or licensee, his heirs, successors or assigns or by the holder of any rights granted or acquired under the provisions of this act, or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the state or any city, city and county, municipal water district, irrigation district, lighting district or any political subdivision of the state, of the rights and property of any permittee or licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this act. The application for a permit by municipalities for the use of water for said municipalities or the inhabitants thereof for domestic purposes shall be considered first in right, irrespective of whether they are first in time; provided, however, that such application for a permit or the granting thereafter of a permit to any municipality to appropriate waters, shall not authorize the appropriation of any water for other than municipal purposes; and providing, further, that where permission to appropriate is granted by the state water commission to any municipality for any quantity of water in excess of the existing municipal needs therefor, that pending the application of the entire appropriation permitted, the state water commission shall have the power to issue permits for the temporary appropriation of the excess of such permitted appropriation over and above the quantity being applied from time to time by such municipality; and providing, further, that in lieu of the granting of such temporary permits for appropriation, the state water commission may authorize such municipality to become as to such surplus a public utility, subject to the jurisdiction and control of the railroad commission of the State of California for such period or periods from and after the date of the issuance of such permission to appropriate, as may be allowed for the application to municipal uses of the entire appropriation permitted; and providing, further, that when such municipality shall desire to use the additional water granted in its said application it may do so upon making just compensation for the facilities for taking, conveying and storing such additional water rendered valueless for said purposes, to the person, firm or corporation which constructed said facilities for the temporary use of said excess waters, and which compensation, if not agreed upon between the municipality and said person, firm or corporation, may be determined in the manner provided by law for determining the value of property taken by and through eminent domain proceedings.

### License for Diversion and Use of Water

LICENSE No. 210PERMIT No. 334APPLICATION No. 717

**This is to certify, That Gertrude Crane, 3408 Fifth Street,**  
**San Diego, California** <sup>1/23/34</sup> **ASSIGNMENT TO** *Gertrude A. Crane*  
 has made proof to the satisfaction of the Division  
 of Water Rights of California of a right to the use of the waters of **Los Cochas Creek, in San Diego**  
**County,** tributary of **San Diego River,**  
 for the purpose of **irrigation and domestic use,**

under Permit No. **334** of the Division of Water Rights and that said right to the use of said waters has  
 been perfected in accordance with the laws of California, the rules and regulations of the Division of Water Rights  
 and the terms of the said permit; that the priority of the right herein confirmed dates from **June 9, 1917;**

that the amount of water to which such right is entitled and hereby confirmed, for the purposes  
 aforesaid, is limited to the amount actually beneficially used for said purposes and shall not exceed (a) **two tenths**  
**(0.20) cubic foot per second from January 1st to December 31st of each season from**  
**the easterly well and (b) twenty five thousandths (0.025) cubic foot per second or**  
**approximately sixteen thousand (16000) gallons per day from the westerly well from**

*The point of diversion of such water is located*  
**January 1st to December 31st of each season.**

The points of diversion of such water are located as follows: (a) the easterly  
 well is south twenty one degrees, west four hundred fifty feet from the southeast cor-  
 ner of Lot 55, of the 'S' Tract, Rancho El Cajon; (b) the westerly well is south fifty  
 seven degrees, west one thousand one hundred thirty feet from the southeast corner of  
 said Lot 55, both wells being within Lot 51 of the 'S' Tract, Rancho El Cajon.

A description of the lands or the place where such water is put to beneficial use  
 is as follows:

For domestic use and to irrigate 36 acres in Lot 51, of the 'S' Tract, Rancho  
 El Cajon.

The right to the diversion and use of the water aforesaid hereby confirmed is restricted to the point of diver-  
 sion herein specified and to the lands or place of use herein described.

This license is granted and said appropriator takes all rights herein mentioned subject to the terms and condi-  
 tions set forth in section 20 of Chapter 586, Statutes 1913, which is as follows:

SEC. 20. All permits and licenses for the appropriation of water shall be under the terms and conditions of this act, and shall be effective for such  
 time as the water actually appropriated under such permits and licenses shall actually be used for the useful and beneficial purpose for which said water  
 was appropriated, but no longer; and every such permit or license shall include the enumeration of conditions therein which in substance shall include all  
 of the provisions of this section and likewise the statement that any appropriator of water, to whom said permit or license may be issued, shall take the same  
 subject to such conditions as therein expressed; provided, that if, at any time after the expiration of twenty years after the granting of a license, the state,  
 or any city, county, municipal water district, irrigation district, lighting district, or any political subdivision of the state shall have the right to  
 purchase the works and property occupied and used under said license and the works built or constructed for the enjoyment of the rights granted under  
 said license; and in the event that the said state, city and county, municipal water district, irrigation district, lighting district or political subdivision  
 of the state so desiring to purchase and the said owner of said works and property can not agree upon said purchase price, said price shall be determined  
 in such manner as is now or may hereafter be determined in eminent domain proceedings. If it shall appear to the state water commission at any time  
 after a permit or license is issued as in this act provided that the permittee or licensee, or the heirs, successors or assigns of said permittee or licensee,  
 has not put the water granted under said permit or license to the useful or beneficial purpose for which the permit or license was granted, or that the  
 permittee or licensee, or the heirs, successors or assigns of said permittee or licensee, has ceased to put said water to such useful or beneficial purpose,  
 or that the permittee or licensee, or the heirs, successors or assigns of said permittee or licensee has failed to observe any of the terms and conditions in  
 the permit or license as issued, then and in that case the said commission, after due notice to the permittee, licensee, or the heirs, successors or assigns  
 of such permittee or licensee, and a hearing thereon, may revoke said permit or license, and declare the water to be unappropriated and open to further  
 appropriation in accordance with the terms of this act. And the findings and declaration of said commission shall be deemed to be prima facie correct  
 until modified or set aside by a court of competent jurisdiction; provided, that any action brought so to modify or set aside such finding or declaration must  
 be commenced within thirty days after the service of notice of said revocation on said permittee or licensee, his heirs, successors or assigns. And every  
 licensee or permittee under the provisions of this act if he accept such permit or license shall accept the same under the conditions precedent that no value  
 whatsoever in excess of the actual amount paid to the state therefor shall at any time be assigned to or claimed for any permit or license granted or issued  
 under the provisions of this act, or for any rights granted or acquired under the provisions of this act, in respect to the regulations by any competent public  
 authority of the services or the price of the services to be rendered by any permittee or licensee, his heirs, successors or assigns or by the holder of any  
 rights granted or acquired under the provisions of this act, or in respect to any valuation for purposes of sale to or purchase, whether through condemnation  
 proceedings or otherwise, by the state or any city, county, municipal water district, irrigation district, lighting district or any political subdivision  
 of the state, of the rights and property of any permittee or licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this  
 act. The application for a permit by municipalities for the use of water for said municipalities or the inhabitants thereof for domestic purposes shall be  
 considered first in right, irrespective of whether they are first in time; provided, however, that such application for a permit or the granting thereafter of  
 permission to any municipality to appropriate waters, shall not authorize the appropriation of any water for other than municipal purposes; and providing,  
 further, that where permission to appropriate is granted by the state water commission to any municipality for any quantity of water in excess of the existing  
 municipal needs therefor, that pending the application of the entire appropriation permitted, the state water commission shall have the power to issue permits  
 for the temporary appropriation of the excess of such permitted appropriation over and above the quantity being applied from time to time by such municipality;  
 and providing, further, that in lieu of the granting of such temporary permits for appropriation, the state water commission may authorize such municipality  
 to become as to such surplus a public utility, subject to the jurisdiction and control of the railroad commission of the State of California for such period or  
 periods from and after the date of the issuance of such permission to appropriate, as may be allowed for the application to municipal uses of the entire  
 appropriation permitted; and providing, further, that when such municipality shall desire to use the additional water granted in its said application it may do  
 so upon making just compensation for the facilities for taking, conveying and storing such additional water rendered valueless for said purposes, to the  
 person, firm or corporation which constructed said facilities for the temporary use of said excess waters, and which compensation, if not agreed upon between  
 the municipality and said person, firm or corporation, may be determined in the manner provided by law for determining the value of property taken by and  
 through eminent domain proceedings.
